ABOUT SAN JACINTO COLLEGE

Surrounded by monuments of history, evolving industries, maritime enterprises of today, and the space age of tomorrow, San Jacinto College has served the people of East Harris County, Texas, since 1961. San Jacinto College is a top five community college in the nation, as designated by the Aspen Institute for Community College Excellence in 2021, and was named an Achieving the Dream Leader College of Distinction in 2020. The College spans five

campuses, serving approximately 45,000 credit and non-credit students annually, and offers more than 200 degrees and certificates across eight major areas of study that put students on a path to transfer to four-year institutions or enter the workforce. San Jacinto College's impact on the region totals \$1.3 billion in added income, which supports 13,044 jobs. The College is fiscally sound, holding bond ratings of AA and Aa2 by Standard & Poor's and Moody's.

CREATING SOLUTIONS

Options. It's one word that sums up what the Generation Park Campus is all about.

Opened in August 2020, San Jacinto College's fifth campus gives northeast Houston residents options when it comes to their education. Generation Park offers not only Associate of Arts and Associate of Science (A.A. and A.S.) degrees but also academic courses that transfer to four-year colleges and universities. Whatever their age or stage of life, students have their choice of eight-week and 16-week courses in face-to-face, online, and hybrid formats. No matter what educational goal our students strive to achieve, they can accomplish it conveniently and affordably.

SERVING OUR STUDENTS AND COMMUNITY

Generation Park carries on San Jacinto College's tradition of award-winning education with experienced faculty who engage students in critical thinking and collaboration. Students also have a variety of support services to help them reach their goals and resources to simplify the transfer process.

In addition to supporting students throughout their educational journey, San Jacinto College at Generation Park supports the community. The College partners with established and emerging industries to create workforce training solutions, and it also engages the larger community – from hosting fun events like the Welcome to the Block Color Run to participating in community events.

JOINING OUR MISSION

The 57-acre, master-planned Generation Park Campus is located off Beltway 8 at West Lake Houston Parkway and Lockwood Road. The campus offers innovative technology, while clean aesthetics and well-lit classrooms and labs invite students to learn. The soft seating areas encourage students to mingle or study together.

Do you want to help students achieve their dreams and, in turn, create a better community and stronger workforce? You can with naming opportunities for the campus, its classrooms, labs, student lounges, and more.

Financial gifts demonstrate leadership and provide the support to ensure Generation Park meets the dynamic requirements of the community and workforce. A menu of support levels allows you to contribute in a meaningful way as an individual or organization. Each gift will receive appropriate recognition on-site and throughout College-generated materials and media related to the campus.

Thank you for helping give students flexible education options and making a difference in the community!

THE BENEFITS

- ▶ Provide financial support for the campus and students
- ▶ Demonstrate community leadership of the highest level
- ▶ Receive name recognition in College-generated materials, media, and activities related to the campus
- ▶ Provide high-profile name recognition to students, the public, and other partners at the campus

Building Naming

\$2 million

1 Available

The Generation Park Campus' first building is a 55,000-square-foot instructional facility prominently angled at the intersection of Lockwood Road and West Lake Houston Parkway. This beautiful modern building is within walking distance of West Lake and a surrounding trail system.

NAMING OPPORTUNITIES

Lobby Area

\$250,000

1 Available

The spacious downstairs lobby with grand staircase and yellow-and-gray geometric feature wall includes a welcome desk with two computers and chairs, benches, and tables for relaxing and mingling.

Student Lounge Area

\$150,000

1 Available

Naturally-lit upstairs lounge offers bench-lined windows and clusters of tables and chairs for socializing and studying. The space also includes bar-style seating with eight chairs.

Student Success Center

\$100,000

1 Available

The Student Success Center offers tutoring services and a library for students for research and academic support. The center includes a Wepa print station, five tables, and 14 computers, along with two private study rooms.

Biology/Geology Lab

\$100,000

1 Available

This window-lined lab seats 32 students at eight lab tables. Students engage in hands-on biology and geology experiments with equipment ranging from a Heratherm™ compact microbiological incubator to 25 Leica microscopes. The room also includes a goggle sanitizing station, a projector, a pull-down screen, a whiteboard, and a document camera.

Chemistry Lab

\$100,000

1 Available

This window-lined lab seats 32 students, with 32 computers mounted at eight lab tables. The room contains traditional and state-of-the-art chemistry lab equipment, including four Venturi fume hoods, four Mettler scales, eight MicroLAB Model 528-T (Titration) Packages, a goggle sanitizing station, a projector, a pull-down screen, and a whiteboard.

Lab Prep and Storage Area

\$100,000

1 Available

This combined lab and prep/storage area contains modern equipment for varied chemistry experiments. It includes a computer station, a reach-in CO2 incubator, an ice machine, a refrigerator/freezer, a goggle sanitizing station, a Heratherm™ oven, a Venturi fume hood, three flammable cabinets, and a Mettler scale.

Active Learning Computer Lab

\$100,000

4 Available

This lab offers hands-on learning for up to 32 students. The room includes 32 computers and a podium with an instructor computer, along with a printer, a projector, a pull-down screen, and a whiteboard.

Testing Room

\$50,000

1 Available

This room accommodates testing for up to 40 students. It contains 40 computers, along with a podium, a projector, a pull-down screen, and a whiteboard.

Large Classroom

\$50,000

1 Available

Wrapped in tall windows for natural light, this room seats 64 students and contains two projectors, two pull-down screens, a podium with instructor computer, and a whiteboard.

Classroom

\$50,000

7 Available

Flanked by tall windows for natural light, this room seats 32 students and includes a projector, a pull-down screen, a whiteboard, and a podium with instructor computer.
